<u>Software requirements to follow the scripts of the lectures:</u>

- **R** (https://cran.r-project.org/) installed in the latest version (Version: R 4.4.0 at the time of the recordings).
- **RStudio** (https://posit.co/downloads/) (Version: 2024.04.1 at the time of the recordings).
- Installing the **'animove' R-package** available at:
https://github.com/AniMoveCourse/animove_R_package will install all the packages (over 70) needed for all lectures.
